HOME APIS PRODUCTS ISSUES SIGN IN

Sign in

Sign in with:

- Azure Active Directory
- Google
- Microsoft**

Important notes:

1. You must use the same provider you used when you signed up to the Video Indexer website
2. Before AAD users from a domain can sign in, the AAD global admin for that domain must grant permission through [here](#)
3. Personal Google and Microsoft (outlook/live) accounts can only be used for trial accounts. Accounts connected to Azure require AAD.

The screenshot shows a web browser window with two tabs: "Video Indexer - Cognitive" and "Video Indexer API (v2) po". The address bar displays "https://api-portal.videoindexer.ai/products". The page has a dark blue header with the title "Video Indexer API (v2)" and navigation links for "HOME", "APIS", "PRODUCTS", and "ISSUES". A user profile "MSIOT ADMIN" is visible in the top right. The main content area is titled "Products" and includes a search bar. A list of products is shown, with "Authorization" highlighted by a red rectangle. Below the highlighted item, the text "VideoIndexer Authorization API" is visible. At the bottom right, there is a link that says "Go to the Video Indexer website".
